\* Four Color Process can print on these indicated stocks, but we recommend printing Four Color Process on white for best results. \*\* Black Spot Color ONLY.  
 \*\*\* Some Spot Colors can be printed on these stocks; please call to discuss which colors work best. If your artwork requires copy to be printed across score/fold lines (folder spine or pocket folders), we recommend changing to a 12 pt. or 100 lb. stock to minimize the potential for cracking.
